

# PRASANNA VEKATESH N

Mobile no: 6379983906

Email id: prasannavenkatesh15692@gmail.com

## Career Objective:

---

To work as a Software Engineer applying my knowledge in the field of testing, designing, and maintenance to cater to the specific needs of the people. I wish to work in a team of motivated individuals who wish to work towards the advancement of the company and its goals.

## Academic profile

---

➤ SETHU INSTITUTE OF TECHNOLOGY

2020-2024

Currently pursuing fourth year ECE with **CGPA 7.32%** still 7<sup>th</sup> sem

➤ NAGASIVA POLYTECHNIC COLLEGE

2018-2021 Finished my DIPLOMA in ECE

with **83%**

➤ ZION GOOD SHEPHERD's HR.SEC.SCHOOL

2018-Finished my SSLC with **59%**

## Area of Interest:

---

➤ Software developer

➤ Core java

## Technical Skills:

---

**Programming Languages:** C/C++ Java

**Additional skills:** Documentation and Record Keeping, Collaboration and Teamwork, consistency on my work

## Internship:

---

### KEVEL GURU

- Internship Period: 07. June 2023 to 30. June 2023.
- The internship in the field of IOT & Embedded system.

## Projects:

---

### AIRLINE RESERVATION SYSTEM (using java)

An Airline Reservation System (ARS) is a computerized platform used by airlines and travel agencies to manage and facilitate the booking and ticketing process for airline passengers. Here's an introduction to the key aspects of an Airline Reservation System ARS allows customers to search for available flights based on their travel preferences, including destination, dates, class, and number of passengers. It provides real-time information on flight availability and pricing. Passengers can select their seats based on availability and personal preferences, such as window or aisle seats. ARS provides seat maps for various aircraft. Airlines use ARS to manage fares and pricing strategies. It can offer different fare classes (economy, business, first class) with varying prices and conditions. Once a booking is confirmed, the system generates electronic tickets (e-tickets) or traditional paper tickets. E-tickets are more common today for their convenience. ARS handles secure payment processing, allowing customers to pay for their bookings using various payment methods, such as credit cards, debit cards, or online payment systems.

## PERSONAL INFORMATON:

Name : N.Prasanna Venkatesh

Date of birth : 10/01/2003

Gender : Male

Known languages : English , Tamil

Native : Madurai

Address: Parasakthi nagar kaveri 3<sup>rd</sup> cross street Avaniyapuram Madurai-12

## DECLARATION:

I hereby declare that all the details furnished above are true to the best of my knowledge and I will deliver best of me, if I am given the opportunity.
